

Amendments to the Specification:

- On page 11, after the first full paragraph, please insert the following new paragraph:

Figure 4 is a schematic diagram of the in vitro test for antiproliferative activity referred to in Example 1 below.

- Please amend the first paragraph on page 17 and delete the following schematic procedural diagram, as follows:

Compounds of the present invention were tested for antiproliferative activity against RT24 (Grade I) and T24 (Grade3, non-metastatic) bladder cancer cells in vitro, in accordance with well known standard technique as diagramed in Figure 4. The results of this testing are summarized in the table herebelow:

~~Diagram of Experimental Procedure~~
